BROEN-LAB

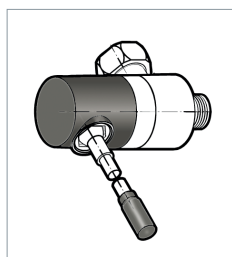

STABILET®

STABILET® and STABILINE® are valves with a unique magnetically operated opening and closing system, especially designed for use in the food industry, health sector or any other location where a high standard of hygiene is required.

The STABILET® is a thermostatic mixer with a reliable built-in DANFOSS thermostat. The element has a built-in anti-scalding device which automatically shuts off the hot water if the cold water supply is interrupted.

The STABILINE® is for cold, hot or premixed water.

STABILINE®

SPECIFICATIONS, STABILET® / STABILINE®

Operating arm: POM

Valve housing: Light grey BROEN POLYCOAT powder coated

Max. temp. on hot inlet: 90°C

Regulating area: 10-90°C

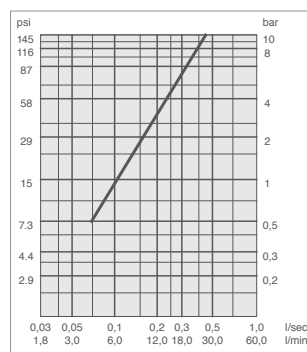

Working pressure: 0.5-10 bar

Including outlet pipe: PEX, length 550 mm

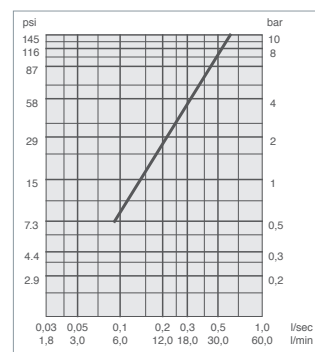

Built-in thermostat, safety temp. preset to 38°C
